ABOUT ME

I'm a CRM Jack of all trades. I have held a variety of roles in my career (Tech lead, Business Analyst, ,Manager, Stream Leader, Marketing-Loyalty consultant, ...) mainly on CRM topics. I am a Certified Salesforce Administrator, Developer,Service & Sales Cloud, Salesforce CPQ, Salesforce Map and Pardot Consultant. I graduated from MIAGE Nantes in France. I have a keen interest in Business Systems and helping business save time and money through the use of new technology.

EDUCATION

DU-IRIAF Understanding Insurance

UNIVERSITÉ DE POITIERS

January 2012 to January 2013

The DU "Understanding Insurance: Concepts, Organizations, Products", open only to employees proposed by their employer within the limits of available places (15 student-employees maximum).

The objective is to complement, through general skills and knowledge of the insurance sector, the technical skills of employees of subcontracting companies of insurance companies (SSII for example). This training allows these employees to understand the major issues of the insurance sector, in particular the position of the Niort mutuals, to understand the elements of managerial and decision-making organization and to understand the elements of operation of the insurance sector (distribution, products, etc.).

<http://iriaf.univ-poitiers.fr/>

Master II MIAGE

UNIVERSITÉ DE NANTES

September 2006 to June 2007

The MIAGE (Computer Methods Applied to Business Management) program aims to train executives specialized in the engineering of information and decision-making systems in companies. These executives must be able to optimize the current and future functioning of an organization through the methods and technologies of information technology while respecting functional, technical, legal and financial expectations.
